Bike Park

2011

PATROL DOC

Full commitment requires only 4 patrol days . Shifts are 11:00 am – 17:00, peak park use time. Park opens May 20th – mid-October, 2011.

Ride your heart out, help at the wrecks!

The Whistler Bike Park runs independent of an MD program, but is enriched having ALS-level help on the hill.

MD Patrollers typically carry a small pack with IV starts, some meds, a wound kit, and basic airway supplies.

Patrollers can get just about anywhere in the park in < 10 mins, with full ALS supplies, and transports off the hill are much faster than in the winter. Join us for a fun, unique experience in pre-hospital medicine.

PERKS INCLUDE:

- Season's pass for full family
- Patrol uniform shirt
- Easy, online scheduling program
- First day ride-along with mentor patroller
- **Requires: MD license & solid bike handling**
- Free rental bike & gear (pre-book)
- Staff discount on lots of gear/swag
- Staff deals on Bikes & Rentals
- Discount on parts
- Glory... don't forget about the glory
